State Affiliate Parent Membership

Extend an NAGC parent membership to your parent members

Are you a State Affiliate Member of NAGC? Then your Affiliate has the opportunity to extend special one-year NAGC parent membership to your parent members for \$10. **This is a 60% discount off the regular rate of \$25 per year.**

This 12-month NAGC membership entitles the recipient to receive four issues of *Parenting for High Potential (PHP)*. In addition, parent members receive access to all of the resources on the parent section of the NAGC website. Plus, in the coming months, we are reinvigorating existing resources, as well as designing new resources aimed at this important audience.

Interested? Here is what's involved:

- To participate, the NAGC State Affiliate must be current in their annual membership. The membership year for affiliates runs September 1-August 31.
- NAGC Affiliate agrees to distribute applications to potential parent members only, and to verify affiliate status in affiliate before sending the applications and payment on to NAGC.
- NAGC agrees to cover the costs and labor of printing and mailing PHP to each new parent member, and to include these parents in the national database on a regular basis to receive other member services as appropriate.
- If an NAGC Affiliate member is already a parent member of NAGC, then the offer applies to one additional year of membership.
- No money will be refunded for parents who are already members of NAGC.
