CAPTURE THE FLOW OF LEARNING

Tina Van Erp, M.Ed. is a Learning Specialist with 20 years of experience working with gifted learners and their families, creating and implementing instructional and coaching processes and strategies.

Gifted Learner Coaching is specifically designed to:

- address roadblocks or atrophied learning skills
- support, model and empower self-advocacy skills
- and increase autonomy over time

Based on your specific needs and circumstance, we will identify underlying challenges and address them through responsive coaching strategies and processes.

Services

Services may be combined within the same session.
Progress is made over time.
